

Basic Model Questionnaire and Bill of Rights

This questionnaire is a generic and relatively vanilla version of a fetish interest and negotiation sheet intended for general fetish shoots and performances. This is not an all-encompassing play, shoot, or performance negotiation list.

While generic and designed to also apply to a general public audience, it's still a fetish performance. The goal topics, while they may be triggering to some, are designed less-extreme and ok for a general fetish audience, knowing they are entering a fetish-based venue or event either in person or online. *{Want a full checklist or an extreme fetish referral? please ask}*

The goal is a quick 1-page front and back discussion. If you have additional ideas, requests, or concepts for this event and/or suggestions or themes for other events and concepts, send them in. Add extra pages if needed.

Initially, this was one page for simplicity.

Unfortunately, selection fields may give it a complex look.

However, selection boxes make it more concise when filled out.

Thus keeping it to one printable page. A page that becomes a quick reference document we can have on hand for the performance.

You can still see remnants of the older discussion based form mixed in with the colder “answer this” form. If you have suggestions to improve this, let us know.

WHEN FINISHED, save on your device, but before sending us a copy, print as a PDF to lock in your data as our software does not allow digital signatures. Then sign in person.

You can print a copy to bring too

Fetish and Alternative topics are an edge activity. Thus, the main requirement is to be open-minded, willing, and able to be in various awkward positions and situations. You are still able to pick and choose your interests and limits. Hence the questionnaire.

With you, the idea is for everyone to have fun. Many use this as an opportunity to do a few things you might not normally do, but you should still have fun with it, show emotions, good or bad, excited, scared, etc. Ideally, expressions are natural, not forced. Being something new or loved or otherwise different from usual helps keep the expressions authentic. Please do not select things you are not open to. We will start slowly, dressed as you come. Feel free to double-check if that's street clothes, fetish, or something specific.

Over the next few hours, we may be doing up to total scenes, getting edgier as the sessions progress. Typically 1-2 scenes per hour. Each pose/set typically involves multiple levels, positions, and progressions. Various activities and positions will occur based on the answers in the questionnaire, a few things for the show, a few fun things based on both your interests and the audience's feedback, almost always a predicament position, and some more creative artsy sets. A goal for the total time is to be hours or less. Please arrive early so we can have a general discussion and clarify the event, schedule, & questionnaire. Plus, coming early you'll have time to prep before we start. Breaks are after each set/scene; usually at least an hourly break. If you need cool down, or after care time, make arrangements. Remember to communicate your needs throughout the session. We'll be meeting at . The theme for the session is . It's pretty much an open book of possibilities. Let me know if you have any attire you think would be good. The standard fair is also includes goth, fetish, sexy underwear, and erotic are all usually acceptable. Sexy may also include low/high cut beach/sports/maid/nurse, etc. attire.

I understand this is NOT a porn or extreme set. If nudity is allowed (NO bar venues), it is strictly non-sexual. Erotic for the camera/show, sure.

Model Rights

- I can stop any scene at any time by using the house safe-word "RED".
- I will be given (and should demand) a recognizable safe-word in the event that I am gagged or otherwise unable to say "RED". Options can be a verbal "Uh-Uh" or a non-verbal signal such as a hand signal.
- Upon using my safe word, I have the right to ask for the scene or session to end completely. Only if I explicitly consent can the scene continue at a slower pace.
- I am entitled to personally clean and sanitize any items used on me.
- I am entitled to ask to have any item tested on me before the scene begins (such as nipple clamps, gags, floggers, paddles, etc.)
- I can finish the shoot at any time and will be entitled to the proportion of the modeling fee earned (E.g., If I decide to end a 4-hour session after 3 hours, I will be entitled to 75% of the agreed payment).
- If I have any complaints about my experiences, I can direct them to Tyrus Elias / Patrick

I understand that it is my responsibility to know if I am able to communicate in the proposed situations, and either If I can not, or I do not know, I should discuss bringing someone to advocate for me, and if I opt not to bring someone, I do so at my own risk.
